Catcher in the Rye Research Assignment

Context Question: Quick Write: Based on what you’ve read so far in the novel (and on what you have learned in your Health class), how would you assess Holden’s mental health?

Practice: Using the Clark Library’s available search engines (NOT Wikipedia or Google), research mental health topics which you think relate to Holden’s condition(s). You should find and cite at least ten facts which are relevant. Use a minimum of two sources. These facts (and their proper MLA 8 citations) should be typed. You will be required to share your research with the class.

Ten Facts due __________.

MLA 8 is the new edition. Use these resources to help you to be sure that you know the new format.

Citation Maker will help you create your Works Cited. There is a link on the library research guide for this project.

Reflection: Based on your reading, research and class discussion, write a one paragraph diagnosis of Holden’s mental health. What are his symptoms? What do you think caused them? What would be your prescription for his treatment? Use the Active Voice in your paragraph.

This paragraph should be typed and is due ______________.
